## Xplore Soccer at MADCUP – Elevating the Game Since 2012

Xplore Soccer is proud to return to MADCUP, one of the world's premier youth soccer tournaments, held annually in the heart of Spanish football — Madrid.

Since 2012, Xplore Soccer has created meaningful international opportunities for players to grow on and off the field. MADCUP is more than just a tournament — it's a celebration of soccer, culture, education, and values in one of the sport's most iconic cities.

Each summer, MADCUP brings together top-level teams from over 30 countries, playing across 94 professional-quality fields in and around Madrid. The main venue, the Ciudad Deportiva Alcalá de Henares, is the official training center of Atlético de Madrid, offering players a chance to compete in a truly elite environment. In 2024, more than 800 teams participated — and Xplore Soccer was there.

For our players, MADCUP is more than just competition. It's a global soccer experience — where passion meets purpose, and the game opens doors to new cultures and lifelong memories.
